CONTENTS OF VOLUME 19

Volume 19 Number 1

C. A. Mora, C. A. Baumann, J. E. Paino, A. L. Goldstein and M. Badamchian	1	Biodistribution of synthetic thymosin β_4 in the serum, urine, and major organs of mice
J. Rayward, V. G. Villarrubia, C. Guillen, A. Prieto, M. Rodriguez-Zapata, G. Sada and M. Alvarez-Mon	9	An extract of the fern *Polypodium leucotomos* inhibits human peripheral blood mononuclear cells proliferation *in vitro*
S. Tanaka, T. Murakami, H. Horikawa, M. Sugiura, K. Kawashima and T. Sugita	15	Suppression of arthritis by the inhibitors of dipeptidyl peptidase IV
M. Kubera, B. Pawlicki, A. Skowron-Cendrzak and J. Shani	25	Effect of sciatic denervation on cell-mediated immunity
F. Nava, G. Calapai, G. Facciola, S. Cuzzocrea, M. C. Marciano, A. De Sarro and A. P. Caputi	31	Effects of interleukin-10 on water intake, locomotory activity, and rectal temperature in rat treated with endotoxin
A. Meilin, Y. Sharabi and J. Shoham	39	Analysis of thymic stromal cell subpopulations grown *in vitro* on extracellular matrix in defined medium—V. Proliferation regulating activities in supernatants of human thymic epithelial cell cultures
D. D. Lazarus, T. Kambayashi, M. Yato-Kioka, H. Baumann, C. O. Jacob and G. Strassmann	49	Vesnarinone inhibits immune-mediated but not Fas (CD95) agonist-mediated hepatic injury
An Invitation to Join the International Society for Immunopharmacology	i	
General Information and Instructions to Authors	iii	

Volume 19 Number 2

M. Badamchian, C. A. Mora, C. A. Baumann, J. E. Paino and A. L. Goldstein	59	Biodistribution of synthetic thymosin α_1 in the serum, urine and major organs of mice

M. Mihara, N. Takagi, K. Urakawa, Y. Moriya and Y. Takeda — 67 — Preventive effect of a novel antifolate, MX-68, in murine systemic lupus erythematosus (SLE)

R. W. Stuart, D. L. Lefkowitz, J. A. Lincoln, K. Howard, M. P. Gelderman and S. S. Lefkowitz — 75 — Upregulation of phagocytosis and candidicidal activity of macrophages exposed to the immunostimulant, acemannan

M. Wu — 83 — Are immunoconjugates useful for therapy with autoimmune diseases?

F. Stoll-Keller, C. Schmitt, C. Thumann, M. P. Schmitt, C. Caussin and A. Kirn — 95 — Effects of morphine on purified human blood monocytes. Modifications of properties involved in antiviral defences

V. Vonarx, M. T. Foultier, L. Anasagasti, L. Morlet, Y. Lajat and T. Patrice — 101 — Photodynamic effect on the specific antitumor immune activity

Short Communication

R. Yadav, R. Misra and S. Naik — 111 — *In vitro* effect of gold sodium thiomalate and methotrexate on tumor necrosis factor production in normal healthy individuals and patients with rheumatoid arthritis

Immunotoxicology

C. Corrêa-Sales, C. E. Tosta and L. V. Rizzo — 117 — The effects of anesthesia with thiopental on T lymphocyte responses to antigen and mitogens *in vivo* and *in vitro*

An Invitation to Join the International Society for Immunopharmacology — i

General Information and Instructions to Authors — iii

Volume 19 Number 3

A. Kumar, S. M. Singh and A. Sodhi — 129 — Effect of prolactin on nitric oxide and interleukin-1 production of murine peritoneal macrophages: role of Ca^{2+} and protein kinase C

J. N. Liu, Y. Yoshida, M. Q. Wang, Y. Okai and U. Yamashita — 135 — B cell stimulating activity of seaweed extracts

V. Pires, R. C. Harab, B. Olej and V. M. Rumjanek — 143 — Ouabain effects on activated lymphocytes: augmentation of CD25 expression on TPA-stimulated cells and of CD69 on PHA- and TPA-stimulated cells

K. Rodgers and S. Xiong 149 Contribution of inflammatory mast cell mediators to alterations in macrophage function after malathion administration

G. Filaci, N. Pelli, T. Sacco, P. Contini, L. Lanza, A. Picciotto, M. Scudeletti, F. Puppo, G. Castiglioni and F. Indiveri 157 S-adenosil-L-methionine is able to reverse the immunosuppressive effects of chenodeoxycholic acid *in vitro*

A.-L. Guiot, D. Rigal and G. Chappuis 167 Spontaneous programmed cell death (PCD) process of lymphocytes of FIV-infected cats: pharmacological modulation *in vitro*

Short Communication
M. N. Kolopp-Sarda, M. C. Béné, J. M. Allaire, A. M. Perruchet and G. C. Faure 181 Kinetics of specific salivary IgA responses in man after oral challenge by a ribosomal immunostimulant

An Invitation to Join the International Society for Immunopharmacology i

General Information and Instructions to Authors iii

Volume 19 Number 4

G. Meneses, M. A. Delgado, M. A. Perez-Machado, A. Prieto, R. Alonso, F. Carrion, E. Lanzos and M. Alvarez-Mon 187 Thymostimulin increases natural cytotoxic activity in patients with breast cancer

R. Banduwardene, A. B. Mullen and K. C. Carter 195 Immune responses of *Leishmania donovani* infected BALB/c mice following treatment with free and vesicular sodium stibogluconate formulations

R. Markova, S. Marinova, B. Petrunov, J. Cvetanov, P. Nenkov, A. Radinov, L. Tchorbadjiiska and D. Konstantinova 205 Stimulating effect of an oral polybacterial immunomodulator on the proliferative activity of guinea pig lymphocytes

K. Németh, G. Bugovics and J. I. Székely 215 Antiapoptotic effect of benzyloxycarbonyl-aspartyl-(β-tertier-butyl ester)-bromomethyl-ketone (Z-D(OtBU)-BMK), an intermediate of interleukin-1β converting enzyme inhibitors

S. A. Malacrida, N. A. Teixeira and M. L. S. Queiroz 227 Regulation of stress-induced reduced myelopoiesis in rats

Short Communications
B. Obmińska-Domoradzka 235 The effect of DTC on mitogen-induced proliferation of thymocytes in restrained mice. Comparison with calf thymus extract

R. Pacifici, S. Di Carlo, A. Bocosi, S. Pichini and P. Zuccaro 243 Cytokine production in saquinavir treated mice

An Invitation to Join the International Society for Immunopharmacology i

General Information and Instructions to Authors iii

Volume 19 Number 5

H. Bessler, B. Caspi, M. Gavish, M. Rehavi, J. Hart and R. Weizman 249 Peripheral-type benzodiazepine receptor ligands modulate human natural killer cell activity

T. Kirikae, H. Tamura, M. Hashizume, F. Kirikae, Y. Uemura, S. Tanaka, T. Yokochi and M. Nakano 255 Endotoxin contamination in fetal bovine serum and its influence on tumor necrosis factor production by macrophage-like cells J774.1 cultured in the presence of the serum

N. Papadogiannakis and B. Barbieri 263 Lipoxygenase inhibitors counteract protein kinase C mediated events in human T lymphocyte proliferation

K. Mittenbühler, M. Loleit, W. Baier, B. Fischer, E. Sedelmeier, G. Jung, G. Winkelmann, C. Jacobi, J. Weckesser, M. H. Erhard, A. Hofmann, W. Bessler and P. Hoffmann 277 Drug specific antibodies: T-cell epitope–lipopeptide conjugates are potent adjuvants for small antigens *in vivo* and *in vitro*

Short Communication
C. Pham-Huy, H. Galons, J. Voisin, J. Zhu, S. Righenzi, J.-M. Warnet, J.-R. Claude and H.-T. Duc 289 *In vitro* and *in vivo* immunosuppressive potential of thalidomide and its derivative, N–hydroxythalidomide, alone in combination with cyclosporin A

Immunotoxicology
M. E. Sisson, M. J. Rieder, I. A. Bird and W. Y. Almawi 299 Suppression of pokeweed mitogen-driven human IgM and IgG responses by the hydroxylamine of sulfamethoxazole

L. S. F. Soderberg and J. T. Flick 305 Acute blood toxicity of the abused inhalant, cyclohexyl nitrite

An Invitation to Join the International Society for Immunopharmacology i

General Information and Instructions to Authors iii

Volume 19 Number 6

M. Viora, G. Di Genova, R. Rivabene, W. Malorni and A. Fattorossi 311 Interference with cell cycle progression and induction of apoptosis by dideoxynucleoside analogs

F. Garbin, K. Eckert, P. Immenschuh, E. D. Kreuser and H. R. Maurer 323 Prothymosin *a*1 effects, *in vitro*, on the anti-tumor activity and cytokine production of blood monocytes from colorectal tumor patients

W. Xu, F. Bai, C. M. Tummalapalli, D. D. Miller, L. Middaugh and W. O. Boggan 333 The interactive effects of cocaine/gender on immune function in mice. An observation of *in vivo* acute cocaine exposure

S. Biswas, V. K. Singh, A. Rastogi, R. Sharan, W. Haq, K. B. Mathur and S. S. Agarwal 341 Stimulation of IL-2 production and CD2R expression by splenopentin analogs

I. Yamamoto, T. Adachi, Y. Kishiro, M. Fujiwara and E. Gohda 347 Interleukin-2-dependent augmentation of the anti-TNP antibody production by sodium butyrate in cultured murine splenic B cells

Short Communication
Y. Okai and K. Higashi-Okai 355 Potent anti-inflammatory activity of phenophytin a derived from edible green alga, *Enteromorpha prolifera* (Sujiao-nori)

An Invitation to Join the International Society for Immunopharmacology i

General Information and Instructions to Authors iii

Volume 19 Number 7

Y. Yoshida, M. Q. Wang, J. N. Liu, B. E. Shan and U. Yamashita 359 Immunomodulating activity of Chinese medicinal herbs and *Oldenlandia diffusa* in particular

R. A. Burger, A. R. Torres, R. P. Warren, V. D. Caldwell and B. G. Hughes 371 Echinacea-induced cytokine production by human macrophages

M. Yamashiki, A. Nishimura, T. Nobori, S. Nakabayashi, T. Takagi, K. Inoue, M. Ito, K. Matsushita, H. Ohtaki and Y. Kosaka 381 *In vitro* effects of Sho-saiko-to on production of granulocyte colony-stimulating factor by mononuclear cells from patients with chronic hepatitis C

E. Hermann, T. Idziorek, J.-P. Kusnierz, Y. Mouton, A. Capron and G. M. Bahr 387 Role of nitric oxide in the regulation of lymphocyte apoptosis and HIV-1 replication

N. Zenda, S. Okubo, Z.-Q. Hu, Y. Hara and T. Shimamura 399 Erythrocyte-dependent mitogenic activity of epigallocatechin gallate on mouse splenic B cells

T. Ishiko, K. Sakamoto, S. Mita, H. Kamohara and M. Ogawa 405 Evidence that eosinophil infiltration in the OK-432/fibrinogen-injected Meth-A tumor in mice is mediated by locally produced IL-5

An Invitation to Join the International Society for Immunopharmacology i

General Information and Instructions to Authors iii

Volume 19 Number 8

H. Heidecke, K. Eckert, K. Schulze-Forster and H. R. Maurer 413 Prothymosin α1 effects *in vitro* on chemotaxis, cytotoxicity and oxidative response of neutrophils from melanoma, colorectal and breast tumor patients

C. I. Ezeamuzie, M. Al-Hage and R. N. P. Nwankwoala 421 The effect of salmeterol on human eosinophils is both stimulus- and response-dependent

A. Vacek, K. Barnet, M. Hofer, K. Čech, J. Pekárek and H. Schneiderová 431 Stimulation of hemopoietic colony formation from mouse marrow cells *in vitro* using human dialyzable leukocyte extracts-IMMODIN-SEVAC

K. Rodgers and S. Xiong 437 Effect of acute administration of malathion by oral and dermal routes on serum histamine levels

S. M. Taha and K. S. Tabbara 443 Modulation of the immune response of Balb/c mice against *Leishmania major* by Imuvert

T. Mander, S. Hill, A. Hughes, P. Rawlins, C. Clark, G. Gammon, B. Foxwell and M. Moore 451 Differential effects on TNFα production by pharmacological agents with varying molecular sites of action

An Invitation to Join the International Society for Immunopharmacology i

General Information and Instructions to Authors iii

Volume 19 Number 9/10

FIRST EUROPEAN CONFERENCE ON IMMUNOPHARMACOLOGY 26–29 MAY 1997, BERLIN, GERMANY

K. N. Masihi, K. Madaj, H. Hintelmann, G. Gast and Y. Kaneko 463 Down-regulation of tumor necrosis factor-α, moderate reduction of interleukin-1β, but not interleukin-6 or interleukin-10, by glucan immunomodulators curdlan sulfate and lentinan

Y. Y. Maeda, S. Takahama, Y. Kohara and H. Yonekawa 469 Polygenic control of the expression of biological activities of an antitumor polysaccharide, lentinan

M. Hoerer, C. Bogedian, U. Scheer, C. Heberger, S. Steyrer, A. Burger and G. Maass 473 The use of recombinant adeno-associated viral vectors for the transduction of epithelial tumor cells

J. Zaloudik, V. Vagunda, M. Drahokoupilova, L. Janakova, R. Talac, J. Kalabis and M. Sheard 481 Biomarkers for predicting response to regional chemo-immunotherapy in liver metastases from colorectal carcinoma

E. Krusteva, S. Hristova, D. Damyanov, A. Bogdanov, I. Altaparmakov and E. Pacelli 487 Clinical study of the effect of the preparation DEODAN on leukopenia, induced by cytostatics

K. Eckert, E. Grünberg, F. Garbin and H. R. Maurer 493 Preclinical studies with prothymosin α1 on mononuclear cells from tumor patients

V. G. Morozov and V. Kh. Khavinson 501 Natural and synthetic thymic peptides as therapeutics for immune dysfunction

K. Mašek and P. Petřovický 507 Morphological and pharmacological evidence for the existence of brain regulatory circuits in the immune response

F. Sendo, T. Kato and H. Yazawa 511 Modulation of neutrophil apoptosis by psychological stress and glucocorticoid

A. D. Kraneveld, G. Folkerts, A. J. M. Van Oosterhout and F. P. Nijkamp 517 Airway hyperresponsiveness: first eosinophils and then neuropeptides

M. Cheido and G. Idova	529	Neuropeptides in the immunomodulation: substance *P*-induced stimulation of immune response in mice
G. Idova, M. Cheido and L. Devoino	535	Modulation of the immune response by changing neuromediator systems activity under stress
J. Mimouni, J. C. Farine, A. Melhaoui and R. Fontanges	541	The immunomodulator OM-89 induces ACTH and glucocorticoid secretion in rats through an IL-1 dependent pathway
W. G. Bessler, L. Heinevetter, K.-H. Wiesmüller, G. Jung, W. Baier, M. Huber, A. R. Lorenz, U. V. D. Esche, K. Mittenbühler and P. Hoffmann	547	Bacterial cell wall components as immunomodulators—I. Lipopeptides as adjuvants for parenteral and oral immunization
W. G. Bessler, M. Huber and W. Baier	551	Bacterial cell wall components as immunomodulators—II. The bacterial cell wall extract OM-85 BV as unspecific activator, immunogen and adjuvant in mice
E. Broug-Holub and G. Kraal	559	*In vivo* study on the immunomodulating effects of OM-85 BV on survival, inflammatory cell recruitment and bacterial clearance in *Klebsiella pneumonia*
U. Wendling, A. Bloemendal, R. Van Der Zee, V. P. M. G. Rutten, P. J. S. Van Kooten, J. C. Farine and W. Van Eden	565	Antirheumatic *E. coli* extract OM-89 induces T cell responses to HSP60 and 70
P. A. Phipps, A. R. Moore, G. Gowland, A. Khanam and D. A. Willoughby	569	Oral dosing of rats with OM-89 results in the appearance of specific OM-89 antibodies of the IgG_{2a} isotype: possible significance in the treatment of rheumatoid arthritis
K. Bellmann, H. Kolb, B. Hartmann, H. Rothe, P. Rowsell, S. Rastegar, K. Burghardt and F. W. Scott	573	Intervention in autoimmune diabetes by targeting the gut immune system
K. Resch and M. Szamel	579	Molecular mechanisms of the immunosuppressive action of cyclosporin A
Z. Zídek, A. Holý and D. Franková	587	Immunomodulatory properties of antiviral acyclic nucleotide analogues: cytokine stimulatory and nitric oxide costimulatory effects
H. Farghali, S. Hynie, Z. Vohnikova and K. Masek	599	Possible dual role of nitric oxide in oxidative stress injury: a study in perfused hepatocytes
M. Hofer and M. Pospíšil	607	Glucan as stimulator of hematopoiesis in normal and gamma-irradiated mice. A survey of the authors' results

J. Turánek, D. Záluská, M. Hofer, A. Vacek, M. Ledvina and J. Ježek 611 Stimulation of haemopoiesis and protection of mice against radiation injury by synthetic analogues of muramyldipeptide incorporated in liposomes

An Invitation to Join the International Society for Immunopharmacology i

General Information and Instructions to Authors iii

Volume 19 Number 11/12

E. Verastegui, J. L. Barrera, J. Zinser, R. Del Rio, A. Meneses, J. De La Garza and J. W. Hadden 619 A natural cytokine mixture IRX-2 and interference with immune suppression induce immune mobilization and regression of head and neck cancer

J. W. Hadden 629 The immunopharmacology of head and neck cancer: an update

Z. Xia, H. Karlsson, J. W. DePierre and L. Nässberger 645 Tricyclic antidepressants induce apoptosis in human T lymphocytes

H. Kanasugi, T. Hasegawa, Y. Goto, H. Ohtsuka, S. Makimura and T. Yamamoto 655 Single administration of enterococcal preparation (FK-23) augments non-specific immune responses in healthy dogs

H. Komatsu and M. Amano 661 Inhibition of leukotriene B_4-induced increase in intercellular calcium ion level of human peripheral blood polymorphonuclear leukocytes by Y-24180, an antagonist of platelet-activating factor receptor

A. Southey, S. Tanaka, T. Murakami, H. Miyoshi, T. Ishizuka, M. Sugiura, K. Kawashima and T. Sugita 669 Pathophysiological role of nitric oxide in rat experimental colitis

K. Shichijo and H. Saito 677 Effect of Chinese herbal medicines and disodium cromogylycate on IgE-dependent histamine release from mouse cultured mast cells

S. Shishodia, A. Sodhi and A. Shrivastava 683 Cisplatin-induced activation of murine bone marrow-derived macrophages require protein tyrosine phosphorylation

V. Šverko, T. Marotti, B. Ročić, S. Rabatić and I. Hršak 691 Influence of methionine-enkephalin on stress-induced parameters

G. Elena, N. R. Puig, M. L. Bay, L. Urízár, J. Barragan, J. Comba, and N. Amerio — 699 — Inhalatory anesthetic (halothane) associated changes in the immune response in mice

M. J. Hall, D. A. Lawrence, J. C. Lansiedel, A. C. Walsh, L. L. Comstock and J. M. Kremer, — 709 — Long-term exposure to methotrexate induces immunophenotypic changes, decreased methotrexate uptake and increased dihydrofolate gene copy number in Jurkat T cells

C. Casnici, D. Lattuada, C. Perego, P. Franco and O. Marelli — 721 — Inhibitory effect of somatostatin on human T lymphocytes proliferation

B. S. Kang, E. Lee, I. Hong, J. Lee, and H. Kim — 729 — Abolition of anaphylactic shock by *Solanum lyratum* THUNB

Volume Contents and Author Index — i

An Invitation to Join the International Society for Immunopharmacology — xvii
